Overview:

G3 developed the Training and Compliance Framework (TACF) to address the urgent need for just-enough-just-in-time tools to help personnel step through complex tasks quickly and easily while ensuring access to appropriate policy and procedure manuals to optimize adherence to proper procedures, follow industry best practices and ensure compliance with regulatory requirements.

Features:

- Provides direct links to Policy and Procedure manuals.
- Provides direct links to PDF forms and instructions.
- Provides interactive software demonstrations.
- Provides visual flags for required compliance steps.

Benefits:

- Improves overall productivity for employees.
- Improves employee satisfaction and reduces employee turnover.
- Improves overall customer satisfaction and improves customer retention.
- Reduces training time from 5 days to 1 day and reduces training costs.
